

PROVISIONS OF THE WEBSITE TRAFFIC STATISTICS PRIVACY POLICY

1.1. The Controller is constantly improving its Website and aims to make it as easy to use as possible. For this purpose, the Controller collects data on information which is the most relevant to you, how often you access the Website, what browsers and devices you use, what content you read most frequently, and where you come from. This information is collected by the Controller using the automated tool Google Analytics ([for more information about the tool visit](#)).

1.2. You can disable Google Analytics data collection about you at any time, as described [here](#).

1.3. Access to traffic statistics is available to the Controller's employees and/or companies working/providing services in IT and marketing areas who are responsible for analysing this data and improving the Website.

For information about cookies used to collect statistical information, please read our [Cookies Privacy Policy](#).
